P2EM2(NQ) Walter MILLINGTON, O.N. RX-202

In a written examination for Boiler Room Watch Keeping Certificate, MILLINGTON did not reach the grade normally expected of an ABEM.

2. His knowledge of boilers and steaming is so vague that it does not appear as if he will ever be capable of obtaining his certificate in this sphere. As a P2EM he also lacks power of command and is completely out of touch with his duties as a Petty Officer.

3. It is therefore requested that he may be drafted to NADEN with a view to termination of his CND, as his value on a ship is negligible.

4. During his period onboard this ship his conduct has been satisfactory.

Dear Sir,

Mrs Sophie Kowalchuk, 777 Fort Street. Proprietrix of Oxford House there, has asked me to write to you for her and to inform you that one of your staff named Walter L. Milligan, Petty Officer, owes her over a month's rent. He twice promised to pay but has given her nothing.

As this is a bad way to treat any body far less a foreigner recently come to Canada and trying to make a living I trust you will be able to do something for her. You may write direct to Mrs Kowalchuk if you wish.

Yours very truly.

2. He is at present employed as telephone watch keeper, and messenger in the M.T.E. Shop, and at this type of work he has proven most satisfactory. However, for him to take charge of a party of men is disastrous, he being of such a meek and mild disposition that youngster's take advantage of him.

3. It is also pointed out that Millington is 52 years of age, and was not recommended by the Divisional Officer, M.T.E. for extension of Continuous Naval Duty.

## COMMENT ON RESULTS.

LABORATORY PROCEDURE.—The Provincial Laboratories in Vancouver now carry out a presumptive Kahn test (which is somewhat more sensitive than the standard Kahn test) on all blood specimens sent in for serological examination for syphilis. Specimens giving a negative result with this test are reported " Kahn Test Negative " and no further examination is performed thereon. In conformity with currently accepted practice, specimens giving a " doubtful " or positive result are submitted to a standard Kahn (precipitation) test, and also to a standard Kolmer-Wasserman (complement-fixation) test; and the results of these two tests are then reported.

INTERPRETATION OF REPORTS.—The diagnosis of syphilis should not be based on a single positive laboratory report. Neither should this diagnosis be excluded, nor a " cure " determined, on the basis of a single negative laboratory report. Such decisions should be reached only after all the available clinical and epidemiological evidence has been considered in conjunction with the laboratory findings.

When the serological results do not accord with the clinical or epidemiological evidence, or when these results are themselves discrepant, additional blood specimens should be submitted. Discrepancies in the results given by different laboratory tests should not be regarded as due to technical or clerical errors, but rather as the inevitable outcome of differences in specificity and sensitivity of the tests performed. These differences are more apt to be manifested in testing the sera of patients who have recently acquired syphilis, or have received considerable specific treatment.

Physicians are requested to direct further inquiries regarding the interpretation of laboratory reports on specimens covered by this form to the Director, Division of Venereal Disease Control, 2700 Laurel Street, Vancouver, B.C.

## COMMENT ON RESULTS.

LABORATORY PROCEDURE.—The Provincial Laboratories in Vancouver now carry out a presumptive Kahn test (which is somewhat more sensitive than the standard Kahn test) on all blood specimens sent in for serological examination for syphilis. Specimens giving a negative result with this test are reported " Kahn Test Negative " and no further examination is performed thereon. In conformity with currently accepted practice, specimens giving a " doubtful " or positive result are submitted to a standard Kahn (precipitation) test, and also to a standard Kolmer-Wasserman (complement-fixation) test; and the results of these two tests are then reported.

INTERPRETATION OF REPORTS.—The diagnosis of syphilis should not be based on a single positive laboratory report. Neither should this diagnosis be excluded, nor a " cure " determined, on the basis of a single negative laboratory report. Such decisions should be reached only after all the available clinical and epidemiological evidence has been considered in conjunction with the laboratory findings.

When the serological results do not accord with the clinical or epidemiological evidence, or when these results are themselves discrepant, additional blood specimens should be submitted. Discrepancies in the results given by different laboratory tests should not be regarded as due to technical or clerical errors, but rather as the inevitable outcome of differences in specificity and sensitivity of the tests performed. These differences are more apt to be manifested in testing the sera of patients who have recently acquired syphilis, or have received considerable specific treatment.

Physicians are requested to direct further inquiries regarding the interpretation of laboratory reports on specimens covered by this form to the Director, Division of Venereal Disease Control, 2700 Laurel Street, Vancouver, B.C.

## DIRECTIONS.

1. Physicians are requested to co-operate with the Department of Health and Welfare by completing all sections of this form. NO REPORT WILL BE ISSUED UNTIL THE RELEVANT INFORMATION HAS BEEN SUPPLIED.

2. At least 6 c.c. of blood (allowed to clot) is required; or at least 6 c.c. of cerebrospinal fluid.

3. The Provincial Laboratories in Vancouver now carry out a presumptive Kahn test (which is somewhat more sensitive than the standard Kahn test) on all blood specimens sent in for serological examination for syphilis. Specimens giving a negative result with this test are reported "Negative," and no further examination is performed thereon. In conformity with currently accepted practice, specimens giving any degree of precipitin reaction are submitted to a standard Kahn test, and also to a Kolmer (complement fixation test), and the results of these two tests are then reported. Apart from this general procedure, the complement fixation test will be performed only if warranted by clinical or other circumstances.

4. Kindly fill in label on the test-tube, giving patient's name, initial, or number, corresponding to that on the requisition form.

5. Mail or bring specimen and requisition form to Division of Laboratories, 763 Hornby Street, Vancouver, B.C.

P2EM2(NQ) Walter L. MILLINGTON, RX-202

Reference: (a) Headquarters' letter NS. RX-202 Pers.(N) "E" dated 12 March, 1954.

Enclosure: (A) ASE: RX-202 dated 15 March, 1954.

Submitted for the information of Naval Headquarters in accordance with reference (a) is the following report in respect of the above named man.

2. It is considered that Petty Officer MILLINGTON has, at the age of 54 years, reached the end of his usefulness in the Engineering Branch of the RCN(R). He has been on CND since 8 December, 1950, and until being drafted to sea on 3 February, 1954, he was employed ashore in positions of no responsibility where he did a passable job. When he was drafted to H.M.C.S. "SAULT STE. MARIE", however, it was found that he was incapable of carrying out the duties of Petty Officer of the watch in a seagoing ship. Enclosure (A) refers.

3. The last two C.N.S. 264 reports on this man read as follows:

H.M.C.S. "NADEN" - 12 December, 1953.

"A quiet unassuming type. Not overly blessed with intelligence or initiative. A fair power of command. Millington is always willing to please and will carry out a task to the best of his limited ability".

H.M.C.S. "SAULT STE. MARIE" - 24 March, 1954.

"Very quiet, timid man. Fair power of command, very little experience or knowledge of machinery or boilers. Could not qualify for Boiler Room Certificate and is not suited as a Petty Officer on a seagoing job".

4. On the credit side of the ledger it is noted that Petty Officer Millington has been very loyal to the Navy during his years of service and has at all times tried to please. However, because of his limited intelligence, the duties of a Petty Officer are considerably beyond his capabilities and it is therefore recommended that C.N.D. be terminated and consideration given to release from the Royal Canadian Navy (Reserve) in accordance with Q.R.C.N. Article 15.01 (Table) Item 5(b)(iv).

2. True Copy of Service Certificates and Conduct Sheet are forwarded to Naval Secretary.

P2EM2(NQ) Walter MILLINGTON, O.N. RX-202

In a written examination for Boiler Room Watch Keeping Certificate, MILLINGTON did not reach the grade normally expected of an ABEM.

2. His knowledge of boilers and steaming is so vague that it does not appear as if he will ever be capable of obtaining his certificate in this sphere. As a P2EM he also lacks power of command and is completely out of touch with his duties as a Petty Officer.

3. It is therefore requested that he may be drafted to NADEN with a view to termination of his CNB, as his value on a ship is negligible.

4. During his period onboard this ship his conduct has been satisfactory.

| SOFP. JOB A/SOFP | This letter is being sent because we consider this is unnecessary mis-employment. When DNR recommended CVD for this man it was understood that he would be employed as a P2 SM. The job he is now doing does not require a P2 in any branch. If Cambrax does not consider the man suitable to hold his present rank, the very least he can do is terminate CVD. If he feels strongly enough about it, he can recommend further action to the C.O. of the man's division. |

| DPR | I do not see that there is any inconsistency. 10.31 (2)(d) simply provides that before he gets the medal he must be in possession of all badges for which he is eligible. If he is eligible for only 2 badges and has them, he gets the medal provided other qualifications are met. In other words, it is not essential that a man have 3 badges before he gets the medal.<br>In view of this, I don't see any need to amend KR&EN.<br>JAF |

However, the present regulations governing former service allowed to count towards Good Conduct Badges (K.R.C.N. 10.22(c) (i)), states that a man may count service in a reserve force of the other armed forces of Canada <u>on active service</u>.<br><br>MILLINGTON is eligible to count 6 years 71 days Non-Permanent Active Militia service towards the R.C.N. (R) Medal. (1933 to 1939). As one of the qualifications required to qualify for this award is that the applicant must be in possession of the maximum number of Good Conduct Badges for which he is eligible by length of service (see K.R.C.N. 10.31 (2) (d), it would appear that K.R.C.N. 10.22 should be amended to include a paragraph stating that <u>non-active service</u> performed by members of the R.C.N. ## EXPLANATION OF ITEMS A, B & C

1. The War Service Grants Act, 1944 provides for the payment of the War Service Gratuity for every thirty days of service as follows:—

   (i) $7.50 in respect of service which is not classed as overseas service.

   (ii) $15.00 in respect of service classed as overseas service.

   By regulation, each person qualifying is entitled to a gratuity of $7.50 for each completed period of 30 days of service together with an additional sum of 25 cents for every day of overseas service which falls within such periods. No sum is payable for any day of service over and above the last completed 30 day period.

2. An "ineligible day" is any day of overseas service, rendered after completion of the last 30 day period, for which no additional sum of 25 cents per day is payable.

3. In addition, a supplement is payable for service classed as overseas service equivalent to seven days' pay and allowances, including dependents' allowance and subsistence or lodging and provision allowance at standard Canadian rates for each six months of overseas service and proportionately for a period of less than six months. By regulation, "six months" is considered to mean "183 days".

4. For the purpose of computing benefits under the Act, no period of absence without leave or leave of absence without pay, or time served while undergoing sentence of penal servitude, imprisonment or detention, or period of service in respect of which pay is forfeited is included in determining qualifying service.

Dear Sir:-

The raised pay for naval dependents which came through in May, of 1942. Has not been added to my allowance to date. I am still receiving $61.00 dollar for self and a daughter of nine.

I did not write before as I though my Husbands signature, was needed. He has been Serving overseas a year. Has returned to Halifax. And is now stationed there.

I trust this increase will be added soon, As I have not been well for some time, it will help with with expense accounts. Yours Sincerly. [illegible] Millington

Reference: (a) Headquarters' letter NS. RX-202 Pers.(N) "E" dated 12 March, 1954.

Enclosure: (A) ASE: RX-202 dated 15 March, 1954.

Submitted for the information of Naval Headquarters in accordance with reference (a) is the following report in respect of the above named man.

2. It is considered that Petty Officer MILLINGTON has, at the age of 54 years, reached the end of his usefulness in the Engineering Branch of the RCN(R). He has been on CND since 8 December, 1950, and until being drafted to sea on 3 February, 1954, he was employed ashore in positions of no responsibility where he did a passable job. When he was drafted to H.M.C.S. "SAULT STE. MARIE", however, it was found that he was incapable of carrying out the duties of Petty Officer of the watch in a seagoing ship. Enclosure (A) refers.

3. The last two C.N.S. 264 reports on this man read as follows:

H.M.C.S. "NADEN" - 12 December, 1953.

"A quiet unassuming type. Not overly blessed with intelligence or initiative. A fair power of command. Millington is always willing to please and will carry out a task to the best of his limited ability".

H.M.C.S. "SAULT STE. MARIE" - 24 March, 1954.

"Very quiet, timid man. Fair power of command, very little experience or knowledge of machinery or boilers. Could not qualify for Boiler Room Certificate and is not suited as a Petty Officer on a seagoing job".

4. On the credit side of the ledger it is noted that Petty Officer Millington has been very loyal to the Navy during his years of service and has at all times tried to please. However, because of his limited intelligence, the duties of a Petty Officer are considerably beyond his capabilities and it is therefore recommended that C.N.D. be terminated and consideration given to release from the Royal Canadian Navy (Reserve) in accordance with Q.R.C.N. Article 15.01 (Table) Item 5(b)(iv).

2. True Copy of Service Certificates and Conduct Sheet are forwarded to Naval Secretary.

P2EM2(NQ) Walter MILLINGTON, O.N. RX-202

In a written examination for Boiler Room Watch Keeping Certificate, MILLINGTON did not reach the grade normally expected of an ABEM.

2. His knowledge of boilers and steaming is so vague that it does not appear as if he will ever be capable of obtaining his certificate in this sphere. As a P2EM he also lacks power of command and is completely out of touch with his duties as a Petty Officer.

3. It is therefore requested that he may be drafted to NADEN with a view to termination of his CNS, as his value on a ship is negligible.

4. During his period onboard this ship his conduct has been satisfactory.

Enclosure: (A) ASE: RX-202 dated 15 March, 1954.

Submitted for the information of Naval Headquarters in accordance with reference (a) is the following report in respect of the above named man.

2. It is considered that Petty Officer MILLINGTON has, at the age of 54 years, reached the end of his usefulness in the Engineering Branch of the RCN(R). He has been on CND since 8 December, 1950, and until being drafted to sea on 3 February, 1954, he was employed ashore in positions of no responsibility where he did a passable job. When he was drafted to H.M.C.S. "SAULT STE. MARIE", however, it was found that he was incapable of carrying out the duties of Petty Officer of the watch in a seagoing ship. Enclosure (A) refers.

3. The last two C.N.S. 264 reports on this man read as follows:

H.M.C.S. "NADEN" - 12 December, 1953.

"A quiet unassuming type. Not overly blessed with intelligence or initiative. A fair power of command. Millington is always willing to please and will carry out a task to the best of his limited ability".

H.M.C.S. "SAULT STE. MARIE" - 24 March, 1954.

"Very quiet, timid man. Fair power of command, very little experience or knowledge of machinery or boilers. Could not qualify for Boiler Room Certificate and is not suited as a Petty Officer on a seagoing job".

4. On the credit side of the ledger it is noted that Petty Officer Millington has been very loyal to the Navy during his years of service and has at all times tried to please. However, because of his limited intelligence, the duties of a Petty Officer are considerably beyond his capabilities and it is therefore recommended that C.N.D. be terminated and consideration given to release from the Royal Canadian Navy (Reserve) in accordance with Q.R.C.N. Article 15.01 (Table) Item 5(b)(iv).

2. True Copy of Service Certificates and Conduct Sheet are forwarded to Naval Secretary.

DRAFT COPY.

Petty Officer Millington, at the age of 54 years, has reached the end of his usefulness in the Engineering Branch of the RCN or RCN(R). Millington has been employed for the past two years in positions with no responsibilities and did quite a passable job.

On being drafted to a sea going ship to carry out the duties as P.O. of the watch, it was found that Millington could not carry the responsibilities of a P.O.

The last two S 264's reports dated 22 December 1953 and 24 March 1954, respectively read as follows:-

> "A quiet unassuming type. Not overly blessed with intelligence or initiative. A fair power of command. Millington is always willing to please and will carry out a task to the best of his limited ability".
>
> DECEMBER 12 1953.

> "Very quiet, timid man. Fair power of command, very little experience or knowledge of machinery or boilers. Could not qualify for Boiler Room Certificate and is not suited as a Petty Officer on a sea-going job.
>
> MARCH 24 1954.

Petty Officer Millington has been very loyal to the Navy during the years of his service and at all times tries to please, but due to his limited intelligence the duties of Petty Officer are considered to be beyond his capabilities.

It is therefore recommended that Millington's term of engagement be terminated.

Sault Ste. Marie's reports are attached herewith.

Dear Sir:

Re: MILLINGTON, Walter L.
777 Oxford Street, Victoria
and Mrs. Anne MILLINGTON,
873 Hornby Street, Vancouver

The above named veteran before returning to his ship, came to the Department of Veterans Affairs and requested assistance for himself. He was granted a small loan to pay his fare back to Victoria and allowed a few dollars for his wife until next pay ($8.00).

Since this date his wife has been in to see us. She is living in a small two room apartment with her daughter who was released from Essondale at their own request and now has a baby aged two years. She is not capable of supporting herself, and only receives $5.00 per month Provincial Family Allowance. The total income for these three people to live on is $65.00 per month.

The wife of W. Millington has been forced to live on his minimum grant to her for almost a year while he lives in Victoria and claims that she would not move there. In conversation with his wife I learned that she would live in Victoria providing he could find accommodation immediately.

It is quite apparent that this woman cannot live with her daughter and grand-daughter on $65.00 per month. We assisted them financially by a small loan on January 15th of $8.00 to buy milk as she claimed they had been forced to live on porridge with no extras. The Catholic Association has also assisted the family with food allowance.

D.V.A. 1

Document disclosed by the ATIP Branch of Library and Archives Canada / Document divulgué par la direction générale de l'AIPRP de Bibliothèque et Archives Canada

I do not feel that this man is assigning sufficient funds to keep his wife on a proper living standard.

In conversation with H.M.C.S. Discovery, they have advised that there is a new assignment of pay going into force whereby serving personnel must increase their minimum assignment to their families when living apart.

Would you please look into this case and endeavour to have this man complete the proper forms in order that his dependents can receive sufficient funds to live on without the continued assistance from our Social Services.

Yours truly,

R. M. WALLACE

Sec.

I have interviewed Millington. He does not wish to have further relations with his wife, and does not wish her presence in Victoria. Apparently she does not know this. There is no legal separation. His daughter is eighteen and has a small child, out of wedlock. He states that the daughter refuses to seek employment. He realizes that to draw the marriage allowance, he must increase his allotment and this is being done. He is enamoured of a local woman, but not living with her. There is quite a triangle here, and I have advised him that this situation should be brought to a head quickly.

Enclosure: (A) ASE: RX-202 dated 15 March, 1954.

Submitted for the information of Naval Headquarters in accordance with reference (a) is the following report in respect of the above named man.

2. It is considered that Petty Officer MILLINGTON has, at the age of 54 years, reached the end of his usefulness in the Engineering Branch of the RCN(R). He has been on CND since 8 December, 1950, and until being drafted to sea on 3 February, 1954, he was employed ashore in positions of no responsibility where he did a passable job. When he was drafted to H.M.C.S. "SAULT STE. MARIE", however, it was found that he was incapable of carrying out the duties of Petty Officer of the watch in a seagoing ship. Enclosure (A) refers.

3. The last two C.N.S. 264 reports on this man read as follows:

M2- JM 29/4

H.M.C.S. "NADEN" - 12 December, 1953.

"A quiet unassuming type. Not overly blessed with intelligence or initiative. A fair power of command. Millington is always willing to please and will carry out a task to the best of his limited ability".

H.M.C.S. "SAULT STE. MARIE" - 24 March, 1954.

"Very quiet, timid man. Fair power of command, very little experience or knowledge of machinery or boilers. Could not qualify for Boiler Room Certificate and is not suited as a Petty Officer on a seagoing job".

4. On the credit side of the ledger it is noted that Petty Officer Millington has been very loyal to the Navy during his years of service and has at all times tried to please. However, because of his limited intelligence, the duties of a Petty Officer are considerably beyond his capabilities and it is therefore recommended that C.N.D. be terminated and consideration given to release from the Royal Canadian Navy (Reserve) in accordance with Q.R.C.N. Article 15.01 (Table) Item 5(b)(iv).

In a written examination for Boiler Room Watch Keeping Certificate, MILLINGTON did not reach the grade normally expected of an ABEM.

2. His knowledge of boilers and steaming is so vague that it does not appear as if he will ever be capable of obtaining his certificate in this sphere. As a P2EM he also lacks power of command and is completely out of touch with his duties as a Petty Officer.

3. It is therefore requested that he may be drafted to NADEN with a view to termination of his CNS, as his value on a ship is negligible.

4. During his period onboard this ship his conduct has been satisfactory.

P2EM2(NQ) Walter MILLINGTON, O.N. RX-202

In a written examination for Boiler Room Watch Keeping Certificate, MILLINGTON did not reach the grade normally expected of an ABEM.

2. His knowledge of boilers and steaming is so vague that it does not appear as if he will ever be capable of obtaining his certificate in this sphere. As a P2EM he also lacks power of command and is completely out of touch with his duties as a Petty Officer.

3. It is therefore requested that he may be drafted to NADEN with a view to termination of his CND, as his value on a ship is negligible.

4. During his period onboard this ship his conduct has been satisfactory.

Re: Ldg. Stoker Mittington, W.L. A532.

- - - - - - - - - - - - - - - - - - - - - - - - - - - - - - -

SUBMITTED:

The a/m rating was referred to the Special Services Officer concerning a request for a compassionate draft to the Pacific Coast from H.M.C.S. "Stadacona". He has been stationed on the East Coast since 1940 and has now been presumably given a shore posting. He is 45 years old.

2. He has been on leave three times since 1939 and finds it difficult to give adequate assistance to his wife and 10 year old child.

3. His family live in very cramped, rather poverty-stricken quarters. The wife appears to be in a run-down condition. It is obvious that medical advice has not been obtained because of financial difficulties. However, Mrs. Mittington is not seriously ill. Similar family conditions are undoubtedly duplicated in numerous other Canadian homes.

4. The chief factors for considering a West Coast draft would be Mittington's long period of service overseas and on the East Coast, his age (45), the possibility of his being given a fairly lengthy draft ashore, and the domestic conditions in the home.

5. The Special Services Officer has found sufficient reasons to recommend consideration for a West Coast draft for this rating, if service conditions permit.

2. This rating has been interviewed and advised to put in a request for a draft to the West Coast on his return to "Stadacona".

3. He is due to leave this port on 29th July, and it is felt that there are not sufficient grounds to make a request by signal and hold him until reply was received.

## NOTES

1. **Destruction of Conduct Sheet.**—Attention is directed to Art. 603, cl. 3, K.R., which provides for the destruction, after the next assessment of character, of a Conduct Sheet shewing the record of offences in a previous ship. But the Conduct Sheet of a man joining a shore or harbour establishment may (and for Leading Seamen, Leading Signalmen, Able Seamen and Signalmen *must*) be kept in use and accompany him to his next sea-going ship.
2. **Date of Commencement of "very good" Conduct.**—When the date of commencement of "very good" conduct differs from that which would normally appear from the Service Certificate, the date is to be inserted in red.
3. **Class for Conduct.**—The date of proposed restoration may be any date not less than 3 months and not more than 6 calendar months from date of reduction. See Art. 567, K.R.
4. **Good Conduct Medal and Gratuity.**—Recommendations are to be made according to the instructions in Arts. 534, cl. 3, and 606, cl. 4, K.R. If the recommendation is intentionally withheld, a statement to that effect should be inserted. (See Art. 534, cl. 15.)
5. **Whether Recommended for Advancement.**—To be completed in respect of all Art. 413 ratings by inserting "Yes," "Not Yet" or "No" (but see notes (1), (2) and (3) below:
   (1) "Yes"—Recommended for advancement. To be followed by (N.Q.) if not fully qualified; this, if awarded in a sea-going ship, will count as a sea-going recommendation for men who require this qualification, although such men are not qualified for recommendation on Form S. 507.
   (2) "Not Yet"—To be used for ratings not yet recommended for advancement owing to their inexperience. To be followed by (N.Q.) if not fully qualified.
   (3) "No"—Not recommended, whether qualified or not.
   For Leading Seamen, Leading Signalmen, Able Seamen and Signalmen insert also "S.G.R." or "H.R." according as the ship is or is not a "sea-going" ship (Appendix XVII, Part 1, para. 10) in relation to the individual rating concerned.
6. **Whether Recommended for Confirmation.**—Notations, in red ink, are to be made across both the "Recommendation for Advancement" columns, after completion of a minimum period of three months' acting time, as to whether or not a rating is recommended for confirmation in the ordinary course. The abbreviations to be used are "R.C.O.C." or "N.R.C.O.C.".
7. **Accelerated Advancement.**—Recommendations are not to be made in this column unless the rating was likely to have been recommended for accelerated advancement on the next return S. 507 had he remained in the ship. This column is intended merely to assist the Captain of the ship to which the rating is discharged in rendering S. 507 at the end of the half-year, by bringing to his notice ratings of more than ordinary merit, who should be specially considered when making the special recommendations on S. 507 for the accelerated advancement of a limited proportion of the ship's company. When recommending Leading Seamen, Leading Signalmen, Able Seamen and Signalmen add "S.G.R." or "H.R." as directed for previous column.

## NOTES

1. **Destruction of Conduct Sheet.**—Attention is directed to Art. 603, cl. 3, K.R., which provides for the destruction, after the next assessment of character, of a Conduct Sheet shewing the record of offences in a previous ship. But the Conduct Sheet of a man joining a shore or harbour establishment may (and for Leading Seamen, Leading Signalmen, Able Seamen and Signalmen *must*) be kept in use and accompany him to his next sea-going ship.
2. **Date of Commencement of "very good" Conduct.**—When the date of commencement of "very good" conduct differs from that which would normally appear from the Service Certificate, the date is to be inserted in red.
3. **Class for Conduct.**—The date of proposed restoration may be any date not less than 3 months and not more than 6 calendar months from date of reduction. See Art. 567, K.R.
4. **Good Conduct Medal and Gratuity.**—Recommendations are to be made according to the instructions in Arts. 534, cl. 3, and 606, cl. 4, K.R. If the recommendation is intentionally withheld, a statement to that effect should be inserted. (See Art. 534, cl. 15.)
5. **Whether Recommended for Advancement.**—To be completed in respect of all Art. 413 ratings by inserting "Yes," "Not Yet" or "No" (but see notes (1), (2) and (3) below):
   (1) "Yes"—Recommended for advancement. To be followed by (N.Q.) if not fully qualified; this, if awarded in a sea-going ship, will count as a sea-going recommendation for men who require this qualification, although such men are not qualified for recommendation on Form S. 507.
   (2) "Not Yet"—To be used for ratings not yet recommended for advancement owing to their inexperience. To be followed by (N.Q.) if not fully qualified.
   (3) "No"—Not recommended, whether qualified or not.
   For Leading Seamen, Leading Signalmen, Able Seamen and Signalmen insert also "S.G.R." or "H.R." according as the ship is or is not a "sea-going" ship (Appendix XVII, Part 1, para. 10) in relation to the individual rating concerned.
6. **Whether Recommended for Confirmation.**—Notations, in red ink, are to be made across both the "Recommendation for Advancement," columns, after completion of a minimum period of three months' acting time, as to whether or not a rating is recommended for confirmation in the ordinary course. The abbreviations to be used are "R.C.O.C." or "N.R.C.O.C."
7. **Accelerated Advancement.**—Recommendations are not to be made in this column unless the rating was likely to have been recommended for accelerated advancement on the next return S. 507 had he remained in the ship. This column is intended merely to assist the Captain of the ship to which the rating is discharged in rendering S. 507 at the end of the half-year, by bringing to his notice ratings of more than ordinary merit, who should be specially considered when making the special recommendations on S. 507 for the accelerated advancement of a limited proportion of the ship's company. When recommending Leading Seamen, Leading Signalmen, Able Seamen and Signalmen add "S.G.R." or "H.R." as directed for previous column.
8. **Offences and Punishments.**—To be recorded on page 2.
9. **Training Service.**—This column is always to be completed for E.R.A.s, E.A.s, O.A.s, C.P.O.s, P.O.s and Leading Ratings of the Seamen, Signal W/T and Stoker branches, irrespective of whether or not the rating has volunteered for the Training Service. If recommended, the word "Yes" should be inserted; if not recommended, the word "No."

When a patient is received into hospital the name of the hospital is to be entered in the column of "Ship's Name" and all the entries in reference to his disease, discharge, etc., are to be inserted in *red ink*. The same course is to be adopted in the case of *invalids or men taking passage* on board ship. Should a man die he is to be struck off the sick list. When a person is invalided at a home hospital the word *invalided* is to be in large writing, to indicate that he is unfit for further service, and that the sheet is finally closed. Old fractures 7th. and 8th. left ribs. Accentuation of broncho-vascular pattern with peri bronchial changes to both lower lung fields especially the right. No evidence of pleural effusion. No evidence of cavitation or gross consolidation. Heart and aorta are not unusual in size, contour or position. The findings in the lower lung fields together with a history of a productive cough and hemoptysis would suggest a bronchiectasis. We would recommend a bronchogram.

Dear Sir:

Re: 75549, John WILLIAMSON
C-155, John Patrick McLEAN

As requested on your letter of 14 March 1984, please find enclosed another photocopy showing the first page of the Part II Orders pertaining to 75549, John Williamson in its entirety. We also included the citation to the Military Medal awarded to Mr. Williamson for conspicuous gallantry and devotion to duty.

We also enclose a statement of Mr. John McLean's service in the Royal Canadian Naval Reserve along with copies of relevant documentation which may be of interest to your mother.

As the replacement of service medals does not fall within the purview of this Department, we have taken the liberty of forwarding your letter to the Department of Veterans' Affairs who will communicate with you directly in this regard.

We trust that this matter has been handled to your satisfaction.

Sincerely,

for John H. Paveling

Dear Sir or Madam,

Thank you very much for your letter of 22 Feb in response to my enquiry of 3 Feb concerning 75549 John Williamson CEF; your file NRPC RQ Box 1045 refers. The copies you sent of J. Williamson's service record were very helpful indeed. I have enclosed with this letter one of the pages from the copies you sent; it appears as if the last couple of lines have been missed in the copying. I wonder if you might send another copy of this page only?

Also, we were not aware that John Williamson had won the Military Medal for his WWI service. I am told that there is a card index or file in the archives or perhaps in the records containing the citations for soldiers who won decorations during WWI. If there is such a card or record of J. Williamson's M.M., I wonder if you might also send a copy of this as well? (His M.M. was entered in London Gazette 30540 of Feb 1918 according to one of the pages you copied for me).

My mother has John Williamson's two war medals, the Britsh War & Victory medals, but does not have either the 1914-15 star or the Military medal, & does not know their whereabouts. She was not aware of the fact that he had these additional medals as well. I wonder if you could advise to what Dept I might write to obtain replacement medals for the star & M.M., and/or if this is even possible at this late date?

When I was showing my mother the copies & letter you sent on John Williamson, she asked if I would write to you again & request copies of her brother's service records as well, if you might have them on file also. His name is J.P. McLEAN and his service number was C155 & he served with the Royal Canadian Naval Reserve during WWII. He entered the RCNR prior to WWII, probably in the early 1930's. My mother's maiden name is H.M. McLean, & she has here brother's war medals as well. These are mounted on a pin bar for wearing so they are all likely intact. Her brother also died in 1974, and she had not seen him for quite a number of years. If this helps, J.P. McLean was a Stoker Petty Officer during WWII.

I would like to express my many thanks to your department for the kind help you have provided. It has been much appreciated, and would you advise if there is any charge for the copying?

Thank you very much in advance,

Very sincerely yours,

B. Williamson

# NOTICE TO ROYAL CANADIAN NAVAL RESERVE SEAMEN

The following is a summary of some Royal Canadian Reserve Regulations with which you should be careful to comply:—

Enrolment. Each period of enrolment lasts five years from the date of enrolment entered on pages and of your certificate "R.C.V. 2". At the expiration of the five years, you must, if you wish to re-enrol and are eligible, apply to a Registrar, R.C.N.R.

Reports. Report must be made, and Certificate "R.C.V. 2" produced to a Registrar in the following cases:—

1. Whenever you sign on for a foreign voyage.
2. If you are employed in Canada, at least once every six months.
3. Whenever your home address is changed.

Employment outside Canada. Naval Reserve Men are not allowed, in any circumstances, to serve in Foreign Countries, whether on shore or in Inland waters.

Penalties. Failure to comply with the above regulations will render men liable to forfeiture of retainers, or discharge from the Reserve.

Service in War Time. When the Service of R.C.N.R. Men are required in the event of War, an Order in Council will be issued.

If possible, your Registrar will issue an order to you, but whether you get an order from him or not as soon as you hear that the R.C.N.R. has been called out by Order in Council, it will be your duty to report yourself to the nearest Registrar, R.C.N.R., and ask for instructions.

If you are serving abroad, report at the first opportunity to the nearest British Naval, Consular, or Colonial Officer.

If you fail to appear before one of these Officers when the R.C.N.R. has been called out, you are liable to arrest as a deserter.

# NOTICE TO ROYAL CANADIAN NAVAL RESERVE SEAMEN

The following is a summary of some Royal Canadian Reserve Regulations with which you should be careful to comply:—

**Enrolment.** Each period of enrolment lasts five years from the date of enrolment entered on pages and of your certificate "R.C.V. 2". At the expiration of the five years, you must, if you wish to re-enrol and are eligible, apply to a Registrar, R.C.N.R.

**Reports.** Report must be made, and Certificate "R.C.V. 2" produced to a Registrar in the following cases:—

1. Whenever you sign on for a foreign voyage.
2. If you are employed in Canada, at least once every six months.
3. Whenever your home address is changed.

**Employment outside Canada.** Naval Reserve Men are not allowed, in any circumstances, to serve in Foreign Countries, whether on shore or in Inland waters.

**Penalties.** Failure to comply with the above regulations will render men liable to forfeiture of retainers, or discharge from the Reserve.

**Service in War Time.** When the Service of R.C.N.R. Men are required in the event of War, an Order in Council will be issued.

If possible, your Registrar will issue an order to you, but whether you get an order from him or not as soon as you hear that the R.C.N.R. has been called out by Order in Council, it will be your duty to report yourself to the nearest Registrar, R.C.N.R., and ask for instructions.

If you are serving abroad, report at the first opportunity to the nearest British Naval, Consular, or Colonial Officer.

If you fail to appear before one of these Officers when the R.C.N.R. has been called out, you are liable to arrest as a deserter.

Detail of Service claimed.

H.M.C.S."Woodstock" (Corvette) operating as one of group of 18 Canadian corvettes in Mediterranean from March 20th.1942 to March 15th.1943 as Operational unit covering the attacks on North African Coast.

Participated in the attack on Algiers in company with the H.M.C.S."Louisburg" and other Canadian and American corvettes and frigates, covering the British 1st.Army and American Army units. Also covered other operational attacks and bombardments in North African area from Cape Bonne westward

Was injured (broken leg) by being thrown off a ladder on deck by bomb blast during the course of these attacks. Dear Sir:

I have been directed to acknowledge receipt of your letter dated 27th September, 1948, regarding the payment of a R.C.N.R. Gratuity to the gentleman referred to above.

Strong representations have been made by the Naval Service to the appropriate authorities for a pro rata payment of this gratuity to the men concerned without effect. Consequently it is to be regretted that nothing further can be done in this matter.

Mr. McLean has been so informed; a copy of the letter sent is enclosed.

Dear Sir:

Re- Sto. P.O. J.P. McLean.
Official No. C-155.

It has been requested by the above mentioned Commrad, to establish his status for Long Service Gratuity in the R.C.N.R.

It is noted from letters on hand, he has served from January 9th, 1928, until demobilization from Active Service on July 31st, 1945, which should entitle him to 18 years service in the R.C.N.R.

At the time of his discharge from Active Service he had requested to be retained on Reserve strength and was advised by letter from your Department under date of January 4th, 1946, File N.S. C-155, (Dorm). F.D. 776, Pers (N), that his name was noted on roster and would be furnished with full particulars as soon as the necessary Training and Recruiting arrangements were completed. Further information was not received until March 11th, 1947, when he was accorded his Certificate of Discharge, (C.N.S. 2341.). Therefore if he had been permitted to receive his training during 1946 and 1947, he would of been able to acquire his periods of service to enable him to qualify for Long Service Gratuity of which he is entitled.

It is hardly fair to Commrad McLean or any other member of the Naval Reserve, who have served the greater part of their period of training, to find, through no fault of their own, they are deprived of the Gratuity, they were assured of at the the time of enlistment.

It has been further stated by Commrad McLean, that he was advised at the time of his discharge from Active Service, that he would automatically resume his services in the R.C.N.R.

Therefore Branch 16, Canadian Legion, B.E.S.L., of which Commrad McLean is a member, respectively request, that this matter be placed before the proper authorities with a view of giving credit for services from the time of his discharge in 1945 until he was advised on March 11th, 1947, that he ceased to be a member of the Naval Forces. As he was ready and willing to complete his yearly training during this period. And it was soley the responsibility of the Dept., that he was unable to complete his 20 year period of training.

Trusting for a favourable reply, I am.

Very truly yours,

Dear Sir,

Referring to your letter of Feb.24th.1948, may I be permitted to draw to your attention the fact that, to date, I have received no further indication thst anything tangible has been done to rectify a situation which was brought about through no fault of the men concerned.

2. For about two years and in respect of several letters anent this subject, the only inforamtion that I have been able to obtain from any official source is that "... it is under consideration". I might say that this is a very un-satisfactory state of affairs.

3. I entered into an obligation in respect of certain service in the Naval Reserve and adhered faithfully to those requirements, reporting for Active Service as soon as the situation warranted my being called. Failure to comply with any instructions that I might receive would immediately result in the appropriate action being taken against me, yet, regrettably, when any question which may be of personal benefit is advanced, the sole reply is to the effect that ".... it is under consideration ".

4. While appreciating the fact that as an individual, you are forced to comply with the letter of the Regulations and the instructions that you may receive from your Departmental heads, I am sure that such a continued indecisive policy cannot continue without strong resentment by men like myself, who, through no fault of their own, were unable to complete the stated period, and who should be eligible for a pro-rata payment.

5. I would be grateful for your advice in this matter.

Yours truly,

For attention Naval Secretary.

With reference to the letter of the Naval Secretary of Sept. 10th. 1947 and my previous correspondence of Aug.12th., 1947, may I please be advised if any further action has been taken in the matter of the payment of the Long Service Gratuity to members of the R.C.N.R. who have less than twenty years service to their credit.

2. In this connection, I would respectfully point out that I joined the RCNR Jan.9th. 1928 and served continuously until called for active service Oct. 7th.1939, serving during the War until demobilized July 31st.1945. Thus, it will be noted that I completed 17 yrs. 204 days service,which only terminated on my being demobilized. Termination of my service was brought about by circumstances beyond my control,namely, that of demobilization. As there was no provision being made at that time for any form of Reserve Forces, it was impossible for me to signify that I wished to continue in such capacity.

3. In view of the fact that such termination of my services was dictated by the policies of demobilization and retrenchment of expenditures,such discharge might be considered somewhat arbitrary,especially as no Naval Reserve Force existed for which I could volunteer my services at the time. It is therefore respectfully requested that consideration be given to the payment of the gratuities,if not in full in accordance with the 20 yr.clause, then, at least in the amount of 17½ twentieths of the service required.

I have the honour to be

Sir,

Re: Official No.C155,
Sto.P.O. J.P.McLean, RCNR

Dear Sir,

It is respectfully requested that I be advised as to my present position in respect of my continuing service in the R.C.N.R.

I joined the R.C.N.R. Jan. 9th. 1928 and served continuously until called for Active Service on Oct.7th. 1939.
At the time of my demobilization on July 31st.1945, I was given my Service Certificate but was not granted the Discharge Certificate (Form C.N.S.2341) which had been given to the other dischargees.

In response to an earlier request which I made when serving in H.M.C.S. "Saskatchewan", I had been informed by the First Lieutenant of that ship that upon discharge I would automaticallt resume my service in the R.C.N.R.

In that respect, however, I have not yet received any official notification, neither have I been paid the accumulated retainer which would normally be due to me if such were the case.

I contacted Mr. H.T.Preedy, Ex. Lieut (S), RCNR., who was the pre-war Registrar of the R.C.N.R. in Halifax, N.S. but he informed me that he is no longer acting in that capacity and that all his papers and documents had been forwarded to Sydney,N.S. He was unable to advise me as to my immediate status and recommended that I approach you for advice in this matter.

Respectfully,

John P. McLean

11th March, 1947

Sir:

I am directed to acknowledge receipt of your two letters of recent date and to inform you that you ceased to be a member of the Naval Forces on being demobilized from Active Service.

As explained in the information pamphlet forwarded to you under cover of the Department's letter N.S.C-155 (Dormant) F.D. 776 Pers.(N) "R" of 27th July, 1946, it is necessary for anyone to become a member of the new Reserve Force, namely, the Royal Canadian Navy (Reserve) to apply for entry on form N.V.3 copy attached. This procedure also applies in the case of ex-members of the Naval Forces.

It is pointed out that the R.C.N.(R) is composed of an Active List and an Emergency List. The principal difference being that members of the Active List are required to perform Divisional Drills and Naval Training, whereas, no compulsory training is required for those on the Emergency List.

Should you be desirous of entering one of the two components of the R.C.N.(R) you are requested to fill out the enclosed form and forward it directly to the Commanding Officer, H.M.C.S."STADACONA" for Staff Officer, Reserve and Recruiting, Halifax, N.S. All matters pertaining the Reserve in your area are dealt with through this Officer who will furnish particulars.

With reference to your enquiry regarding the payment of the Long Service Gratuity, it is regretted to inform you that the regulations governing the R.C.N.(Reserve) do not provide for the payment of such a gratuity. There is, however, a proposal under consideration which, if approved, will permit the payment of a sum in proportion to the numbers of years served. When a decision has been reached you will be informed further.

Wallet size Certificate of Discharge (C.N.S. 2341) is enclosed.

Yours truly,

NAVAL SECRETARY.

May 15, 1942.

Sir:-

Attention Pay.Lieut.Cdr. A.E. Fortington

With reference to your letter dated May 13th, 1942, I have to inform you that on receipt of D.A.B. Navy C., dated May 5th, 1941, granting Dependents' Allowance at the rate of 25¢ a day to Mrs. Nancy Maria McLean, effective from March 1st, 1941, Mrs. McLean was forwarded a cheque covering arrears of Dependents' Allowance from March 1st to May 31st, 1941.

Allotment in her favour was then increased to $21.00, effective June, 1941, which amount was made up as follows:

| | | |
|---|---|---|
| 5 days' pay @ $2.65 | | $13.25 |
| 31 " | Dependents' Allowance @ 25¢ | 7.75 |
| | Total | $21.00 |

In August, 1941, Mrs. McLean requested that allotment in her favour be discontinued, for the reason that "I have obtained other means of livelihood". Her allotment of $21.00 was accordingly stopped with last payment made 31st August, 1941.

John Patrick McLean has not to date declared a new allotment in favour of his mother.

Re: C-155 McLEAN, John Patrick.

Dear Sir:

We have received a letter from the Old Age Pension Commission requesting the exact amount of money going forward to the Dependent, Mrs. Nancy Maria McLean, each month.

When the award was made in May, 1941, the applicant was allotting five days' pay which, at that time, amounted to $15.00 a month plus the amount of 25¢ a day.

Could you please tell us if there have been any changes in these amounts and if so, the effective dates of these changes.

We thank you for your co-operation.

*To All Members of Canada's Armed Forces:*

re: WAR SAVINGS CERTIFICATES

*Many officers and enlisted men of the Navy, Army and Air Force, have asked that arrangements be made for regular deductions from regular Navy, Army and Air Force pay, to allow them, if they so desire, to invest some part of their pay in War Savings Certificates.*

*What War Savings Certificates are, and how they may be obtained, you will find explained in this folder.*

*Whether any deduction from your pay will be made, and how large it will be, will depend, of course, upon your own wishes.*

*If you are interested in our opinion of War Savings Certificates, we think that there is no better "buy" either for yourself or for Canada.*

"This is one way in which everyone can help the War Effort. No matter how small the contribution it all adds up to an immense sum and, may I remind you that in helping your country you are also helping yourselves, as you will receive your money back with interest in due course. It's going to be a long hard war, so let's all tighten our belts if necessary and do our damndest and so 'Stop Hitler'."

PERCY W. NELLES,
*Chief of the Naval Staff*

"I commend this form of saving to all ranks of the Canadian Military Forces. By supporting it you are doing both Canada and yourself a good turn."

T. L. ANDERSON,
*Major-General,*
*Chief of General Staff.*

"I heartily commend the purchase of these War Savings Pledges to the Officers, Warrant Officers, Non-Commissioned Officers, and Aircraftmen of the Royal Canadian Air Force.

I feel that in this vital period, when the very existence of the British Empire is being threatened, the members of the R.C.A.F. will be glad of this opportunity to assist in making Canada's War Effort as great as possible."

# Information for Purchasers of Canada's War Savings Certificates

**Date of Issue.** War Savings Certificates will be dated the fifteenth of the month in which payment is completed. For example, whenever in any one month your Total Salary Deductions are sufficient to buy your War Savings Certificate, that Certificate will bear the date of the 15th of that month.

**Registration.** Each War Savings Certificate is registered at the Bank of Canada, Ottawa. Registration will be made in one name only. A War Savings Certificate is not transferable and cannot be redeemed other than by its registered owner. Provision has been made for redemption in case of the death of a holder.

Care should be taken to state clearly the name and address in which you desire Certificates registered. Spell out the first or Christian name in full, as well as the surname, and give proper prefix (Mr., Mrs., or Miss).

For example: Correct —BROWN, MR. KENNETH D.
Incorrect—Ken. Brown.

A married woman must furnish her own Christian name (not that of her husband).

For example: Correct —WHITE, MRS. MARGARET F.
Incorrect—Mrs. Henry G. White.

**Purchase Limits.** No person may hold War Savings Certificates in excess of a total maturity value of $500 purchased in any one calendar year. That is to say, you may purchase $500 worth this year, and up to a like amount in each succeeding year.

**Income Tax.** Due to the difficulties of calculation, the small amounts involved and the limit on individual holdings, holders will not be required to report the difference between the purchase price and the redemption value of War Savings Certificates, as income in making returns under the Income War Tax Act.

**Redemption.** War Savings Certificates cannot be called for redemption by the Government prior to their date of maturity. The holder, however, has the option six months after issue date of redeeming his certificates for cash, and after the first year will also be paid interest to the date of redemption in accordance with the table of redemption values shown on each certificate. The Minister of Finance reserves the right to require ninety days' notice in the case of redemption before maturity.

Madam:

With further reference to my communication of the 5th May, 1942, the following information has now been received relative to allotment in respect to your husband John P. McLean, Sto. P.O. O.N. C-155. His present allotment to you is $110.00 per month, whereas under the Naval Regulations it is only necessary that he should allot to you the sum of $94.00, i.e., 15 days pay at $2.65 per diem and 31 days Marriage Allowance at 1.75 per diem. As his present allotment is in excess of the minimum required by the regulations, it will be necessary for you to make the necessary arrangements with your husband direct, should you desire it to be increased.

Dear Sir:

I was surprised when I received my cheque this morning and only found ten dollars extra. I think I am entitled to more money. My Husband, John P. McLean, Sto. P.O. C155, told me that he changed his allotment and I would receive 2.50 more of his pay and $7.50 which makes $10.00 more per month. My baby is now 4½ months old and this is the first month that I have received any allowance for her. I think I should of at least got the money from the time she was born or at least there should of been $10.00 of my husband's wages which should of been $17.50.

Trusting that you will answer and explain this matter clearly.

Oblige,

Signed Mrs. Florence McLean,
